See patterns for decorations [select your decorations from free patterns on internet] Then sew them on the tree.

Assembly:

Sew on decorations to tree.

Crochet a loop or put a ring on top of tree for hanging.

Use cardboard, dowels, or other support of tree so it holds shape. Can glue or sew on. [Note: If you use cardboard backing, crochet a long chain to glue to edges of cardboard to hide cardboard edging. Use green for tree and brown for trunk.

Note: I just made a sc crochet rectangle as a background. Put a doll and hanging ring on it. Then sewed the decorated finished tree onto the background. It was easier than all that gluing and it hid the backs sewing stitches.
